

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT				1. CONTRACT ID CODE J		PAGE OF PAGES 1 5	
2. AMENDMENT/MODIFICATION NO. 0001		3. EFFECTIVE DATE 14-Jan-2005		4. REQUISITION/PURCHASE REQ. NO.		5. PROJECT NO.(If applicable)	
6. ISSUED BY NAVAL SURFACE WARFARE CENTER, CARDEROCK CODE 3352, ANNMARIE BARTHOLOMEO 5001 SOUTH BROAD ST PHILADELPHIA PA 19112-1403		CODE N65540		7. ADMINISTERED BY (If other than item 6) See Item 6		CODE	
8. NAME AND ADDRESS OF CONTRACTOR (No., Street, County, State and Zip Code)				X		9A. AMENDMENT OF SOLICITATION NO. N65540-05-R-0003	
				X		9B. DATED (SEE ITEM 11) 03-Jan-2005	
						10A. MOD. OF CONTRACT/ORDER NO.	
						10B. DATED (SEE ITEM 13)	
CODE		FACILITY CODE					
11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS							
<input checked="" type="checkbox"/> The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offer <input type="checkbox"/> is extended, <input checked="" type="checkbox"/> is not extended. Offer must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.							
12. ACCOUNTING AND APPROPRIATION DATA (If required)							
13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.							
A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.							
B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(B).							
C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:							
D. OTHER (Specify type of modification and authority)							
E. IMPORTANT: Contractor <input type="checkbox"/> is not, <input type="checkbox"/> is required to sign this document and return _____ copies to the issuing office.							
14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) See Page 2							
Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.							
15A. NAME AND TITLE OF SIGNER (Type or print)				16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)			
				TEL: _____ EMAIL: _____			
15B. CONTRACTOR/OFFEROR _____ (Signature of person authorized to sign)		15C. DATE SIGNED		16B. UNITED STATES OF AMERICA BY _____ (Signature of Contracting Officer)		16C. DATE SIGNED 14-Jan-2005	

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The following items are applicable to this modification:SEE BELOW

A. The following are questions received on Solicitation N65540-05-R-0003 along with the answers as indicated by NSWC personnel. The time and date for closing of proposals remains 8 February 2005,

1. **Question** - Where can the specs referenced in the statement of work be located?

Answer - The link for retrieving MIL specs is as follows: <http://assist.daps.dla.mil/online/start>

The other specs referenced are from the following standards organizations:

AMERICAN NATIONAL STANDARDS INSTITUTE (ANSI)

AMERICAN SOCIETY OF MECHANICAL ENGINEERS (ASME)

AMERICAN SOCIETY FOR TESTING MATERIALS (ASTM)

NATIONAL ELECTRICAL MANUFACTURERS ASSOCIATION (NEMA)

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION (OSHA)

SOCIETY OF AUTOMOTIVE ENGINEERS (SAE)

HYDRAULIC INSTITUTE (HI)

MANUFACTURER'S STANDARDIZATION SOCIETY OF THE VALVE AND
FITTING INDUSTRY (MSS)

2. **Question** - The total estimated quantity adds up to 32 units. However the maximum quantity stated on page 3 of 43 states 31. Is there a discrepancy?

Answer – The total maximum quantity should read 32. Change will be made on page 3 to the solicitation to reflect this correction.

3. **Question** - The original synopsis stated that 16 units would be procured and an quantity of an additional 16 would be optional. However, the RFP now reads that all quantities are indefinite. Is it the government's intention to award CLIN 0001AA and 0001AB at the time of contract award?

Answer – Any resulting award will be an Indefinite Delivery/Indefinite Quantity contract. Award of line items will be made as required.

4. **Question** - Please note that the CDRL pages 1 - 31 DD FORM 1423 have some text "clipped". In most cases this is not significant. However, in some cases it is critical, e.g. CDRL A012 Block 16 Remarks has the end of the first line missing: "... meet the requirements in the _____" Could you please provide revised CDRL pages.

Answer – A new set of CDRLs is provided with this amendment. This is not a different set but the same set in a .pdf format (original attachment was in Excel which may account for the format).

5. **Question** - Could you please advise what ship class these units will be installed.

Answer - The information is not considered necessary for bidding purposes. The intention is to put together a design that can be used on as many ship classes as possible. At this point, the only specific ship classes that we have firm plans for are the PGG and PCG ship classes. There is some consideration in using them on some PC, FFG, LCU, and other small surface combatants that the option units are planned for.

6. **Question** - The spec references “PPD 802-7379413”. Where can this be located?

Answer – The technical specifications were originally entitled “Project Peculiar Document” or PPD. The term was changed to “Statement of Work” throughout the scope since this was a familiar term within the contracting field. However, the actual abbreviation “PPD” was not changed. Any remaining reference to PPD should be revised to read “Statement of Work” (or use the abbreviation SOW).

7. **Question** - Para 4.5.1 of the Statement of Work states that the test shall be conducted by a "NSWC" approved independent, certified test facility. Can you please provide a list of facilities which are approved by NSWC for such equipment. We are aware of the facility at Port Hueneme but are not aware that they can be subcontracted by industry. If so, could be please provide us with a point of contact at Port Hueneme which can provide us with a quotation for this effort. In this regard, we are aware that some government facilities cannot be used without command approval under the guideline that no commercial alternative is available. Could you please clarify the intent of the government with respect to testing of the RO unit.

Answer - Here is a listing of some of the approved facilities for first article testing. This is just a sampling of facilities. The Government does not expect offerors at this time to identify in the proposal which facility that they are going to use. The final selection will often have to be modified based on test lab availability and schedule.

ENDURANCE TESTING:

Laque Center for corrosion Technology Inc
702 Causeway Drive
Wrightsville Beach, NC 28480
ph.910.256.2271 fax.910.256.9816

Naval Facilities Engineering Service Center (NFESC)
1100 23rd Ave
Code ESC32
Port Hueneme, CA, 93043
Contact Title: Water Purification Team POC
E-Mail: esc30rowpu@nfesc.navy.mil
Phone: (805) 982-1631

Note, NSWC has also allowed testing at temporary facilities such as floating platforms set up in open ocean areas where the requirements in the statement of work can be met when requested by the manufacturer.

VIBRATION TESTING:

Hi Test Laboratories Inc
PO Box 87 - State Route 675

B. The following changes are made to the solicitation:

1. On Page 3 under clause entitled “Contract Minimum/Maximum Quantity and Contract Value”, revise the Maximum Quantity to 32 in lieu thereof.
2. Wherever the term “Project Peculiar Document” or “PPD” is located within Section C, replace with “Statement of Work” or “SOW”.
